CANNA, MADAME CROZY (NOVELTY), the finest Canna ever offered. Every florist should procure a stock of it. Sells on sight. The flowers are as large as gladiolus, borne in large spikes; color, glowing scarlet, edged with a narrow band of gold. A very abundant bloomer. We cannot recommend it too highly. It is superb. The most strikingly beautiful of any variety raised so far. It is as much more beautiful than Ehemani as that variety was more beautiful than the old common sorts. Price $1.00 each; $9.00 per doz.

CANNA, STAR OF 1891 (NOVELTY), first offered for sale this season; a companion variety to the above. Remarkable for its dwarf and free flowering habit. Color, glowing orange-scarlet; flowers very large, as large as gladiolus, and entirely distinct from Mme. Crozy. Wm. Falconer, the well-known writer, says, "That he has no hesitation whatever in pronouncing it the grandest flowering Canna that he has ever grown or seen." Even poinsettias pale before them. It has a persistent habit of throwing up fresh sprouts from the base, every sprout being terminated with panicles of the most vivid scarlet. Price $1.00 each; $9.00 per doz.
